Press Release

H.F.R.I.'s participation in the 86th Thessaloniki International Fair was completed with a positive outlook

The Hellenic Foundation for Research and Innovation (H.F.R.I.) successfully participated in the 86th Thessaloniki International Fair (TIF), under the auspices of the General Secretariat for Research and Innovation at Stand 7 of the Ministry of Development and Investments. The public that visited H.F.R.I. throughout the duration of the Fair had the chance to be informed about the work and Actions of the Foundation as well as to receive the thematic issue of the periodical publication "The Impact of Actions 'through the eyes' of the beneficiaries", which highlighted the funded grants, research activities and technological applications related to Circular and Social Economy.

On Sunday, September 11, 2022, the presence of H.F.R.I. at the 86th TIF was enhanced with the speech of Director of the Foundation, Dr Katerina Kouravelou, regarding the "Funding Opportunities for Basic Research". The political leadership, government and political representatives honored H.F.R.I. with their presence.

The Deputy Minister for Development and Investments, Mr. Christos Dimas, with the SC's Chair, Professor Xeni Chrysochoou and H.F.R.I.'s Director, Dr Katerina Kouravelou, at Stand 7 and Stand 12.

(up) The Secretary General for Research and Innovation, Professor Athanasios Kyriazis and H.F.R.I.'s Director, Dr Katerina Kouravelou at Stand 7 and Stand 12. (down) The speech of the H.F.R.I.'s Director, Dr Katerina Kouravelou, on Stand's 7 stage.

H.F.R.I.'s Director, Dr Katerina Kouravelou, informing visitors.

About H.F.R.I.

The Hellenic Foundation for Research and Innovation was created (Law 4429/2016) out of the vital need to support Greek male and female Scientists. It is a legal person governed by private law, monitored by the Ministry of Development and Investments. H.F.R.I. aims to promote research and innovation in the country. In particular, it aims to evaluate and fund unrestricted research, namely research activities, research infrastructure and their technological applications, arising from scientific curiosity, without any thematic exclusions or geographical limitations, having scientific quality and excellence as a sole criterion.
