

Dr. Theocharis C. Stamatatos is Professor of Inorganic Chemistry at the Chemistry Department of the University of Patras. He received his B.Sc. degree of Chemistry in 2003 and his Ph.D. diploma in 2006 from the Chemistry Department of the University of Patras. During the period 2006-2008, he carried out **postdoctoral research at the Chemistry Department of the University of Florida** (Gainesville, USA), while from 2009-2012 he has been a Temporary Lecturer (PD 407/80) at the Chemistry and Materials Science Departments of the University of Patras. From 2012 to 2019, he has been a **permanent faculty member** (Assistant and Associate Professor) of Molecular Inorganic Chemistry at the **Chemistry Department of Brock University (Ontario, Canada)**. In addition to his postdoctoral and academic career in USA and Canada, respectively, **his research experience abroad** includes the following: (i) 8 months of research at the Chemistry Department of the University of Cyprus (2004-2005), (ii) 3 months research at the Chemistry Department of the University of Manchester, UK (2005), (iii) 6 months of research at the Chemistry Department of the University of Florida, USA (2005-2006), and (iv) 12 months of research at the Chemistry Department of Mainz University, Germany (2016 & 2018). He is currently: a) Collaborating Teaching Member at the Hellenic Open University (FYE12: General and Inorganic Chemistry), and b) Collaborating Faculty Member at the Foundation for Research and Technology Hellas / Institute of Chemical Engineering Sciences (FORTH/ICE-HT) of Patras.

His research activity as an independent researcher in Greece and Canada has been **funded** by the: Natural Sciences and Engineering Research Council (NSERC) of Canada, Ontario Ministry of Research and Innovation, NSERC Research Tools and Instruments, Canada Foundation for Innovation (CFI), Operational Program "Human Resource Development, Education and Lifelong Learning 2014-2020", as well as private sectors. During his career, he has received the following **distinctions and awards**:

- "Young Investigator Award", American Chemical Society 2007, Boston, USA.
- "A DocMolMag Award" - A European Award on Molecular Magnetism Doctoral Thesis for the best PhD thesis in Molecular Magnetism and related fields, Florence, Italy, 2008.
- "Emerging Investigators", Royal Society of Chemistry, 2010 & 2024.
- "Chancellor's Chair for Research Excellence", Brock University, Canada, 2016-2018.
- "Humboldt Research Fellowship for Experienced Researchers", Alexander von Humboldt Foundation, 2015-2018.

Under his supervision, **6 PhD** and **12 MSc** theses have been completed, while he has collaborated with **5 postdoctoral fellows** as members of his research group. He serves as a member of the editorial boards (Associate editor / Academic editor / Editorial board) for 6 scientific journals, as well as being the editor for special issues of recognized peer-reviewed journals. He is a reviewer for **over 75 journals** with a peer-review system and for **more than 10 national and international funding organizations** (USA, Canada, Czech Republic, Netherlands, New Zealand, Chile, Kazakhstan, Poland, Cyprus). He has participated in various organizing committees for national and international conferences and was a founding member of the "Panhellenic Symposia on Inorganic Chemistry," held every two years at universities in the country. He has participated in **187 conferences (International and National)** in the form of poster presentations and oral talks, and has given **over 40 invited lectures** at recognized research institutions in Greece and abroad.

ADMINISTRATION

1. Coordinator of the Internal Evaluation Group (OM.E.A.) of the Department of Chemistry at the University of Patras.
2. Coordinator of the Doctoral Studies Program Committee of the Department of Chemistry at the University of Patras.
3. Coordinator of the specialization "Chemistry and Technology of Materials for Applications in Industry, Energy, and the Environment" of the Master's Program in Chemistry at the Department of Chemistry at the University of Patras.
4. Chairman of the Glassmaking (Horizontal Structure) at the University of Patras.
5. Deputy Representative of the Department of Chemistry on the Research and Management Committee of the E.L.K.E. at the University of Patras.
6. Responsible for Research and Educational Equipment of the Department of Chemistry at the University of Patras.
7. Member of the Committee for the International Master's and Doctoral Program in "Inorganic Biological Chemistry" (lead: University of Ioannina).
8. Member of the Committee for Implementing the Connection between the University of Patras and the City - Region.
